

# Bid Invitation Announcement

Project Name: Wind Turbine Installation Project (section II) for Putian Pinghai Bay Offshore Wind Power Farm Phase II Project (hereinafter referred to as the “Project”).

Bidding No.: PHWFD-II-ZB-028.

## 1. Bid Invitation Conditions

Fujian Tendering Center Co., Ltd. (hereinafter referred to as “the Tendering Agent”), entrusted by Fujian Zhongmin Offshore Wind Power Co., Ltd. (hereinafter referred to as the “Bid Inviter”), now holds a public tendering for the wind turbine installation project (section II) of the Putian Pinghai Bay offshore wind power farm phase II project for deciding contractors. The eligible enterprises from the member countries of “BRICS” can participate in the bidding of the Project.

## 2. Project Overview and Bidding Scope:

### 2.1 Project Profile

The Putian Pinghai Bay Offshore Wind Power Farm Phase II Project is situated in Pinghai Bay, Xiuyu District, Putian City. The Project neighbors Daitou Peninsula on the west, Nanri Island on the north and Meizhou Island on the southwest. It is about 12 km far from Pinghai Town and covers some parts of Zone B and Zone C of the Putian Pinghai Bay Offshore Wind Power Farm. A total of 41 sets of wind turbine generator units with an individual capacity of 6 MW are proposed to be installed, including 20 sets in Zone B and 21 sets in Zone C. The total installed capacity will reach about 246 MW.

### 2.2 Tendering Scope:

The scope of tendering covers installation works of the 21 sets of wind turbine generator units in Zone C. Including: Unloading of wind turbines generator units and their auxiliary equipment and storage, transportation and installation thereof after unloading, cooperation work during commissioning and correction of wind turbines, auxiliary construction facilities during construction period, video and image recording of the entire installation and construction processes of this section, etc. For details, please refer to relevant contents, tendering drawings and Bill of Quantities set out in

Clause 1.2 and Clause 1.3, Volume II Technical Part of the tendering document.

### **3 Construction Time Requirements:**

Proposed total construction period: **400** calendar days, the planned commencement date is June, 2019, and the specific date of commencement shall be subject to the written notice of the Tenderer.

### **4 Bidding Qualification**

4.1 Units who are capable to undertake the Tendering Project and meet the specific requirements for qualifications can bid for the Project.

4.2 The Project adopts a **Post-qualification review** mode for qualification examination of the Bidders, and contents and standards of the qualification examination are as follows:

- (1) The Bidders shall be independent legal persons registered in any member country of “BRICS” and also registered in the People's Republic of China;
